

Shire
Of
Seawinds

Order of Precedence
As of April 19, XLIV (2010)

Note:

This is the *current* copy of the Order of Precedence for the Shire of Seawinds. and is used to help determine what awards have and haven't been given to individuals.

The Awards Section

The first section (the Awards Section) shows what award each member has received, whether they are currently active or not. If they are active, there will be a small Seawinds device by their name. If they are inactive, there will be an "I" by their name. If a member's name and information is not included in this section, not complete or wrong, please contact me at lightfootcim@aol.com, and I will get it corrected as soon as possible.

The Precedence Section

This section shows the **current active** member ranking in order of precedence (by what awards they have). The number to the left of the member's name is their ranking IN SEAWINDS. Some members received the same award the same day, so some members rank number may be the same. **If a member hasn't been playing actively locally in at least the past six months, you may not find that person's award information in this list.** If a member would like to be re-added to the list, they can email me at lightfootcim@aol.com, and I will make sure they are added.

Sincerely,

HL Lightfoot
Order of Precedence Coordinator
Shire of Seawinds
